

COMFORT. FISHABILITY. OFFSHORE CAPABILITY.

PERIOD COBIA PHOTOGRAPHY

LENGTH OVERALL 25'1" / 7.65 m	BEAM 8'10" / 2.69 m	DRAFT 21" / 0.53 m	DEADRISE 21.5 degrees
HULL WEIGHT 4,200 lb w/o engine	FUEL CAPACITY 123 US gal / 466 L	MAXIMUM POWER 300 hp	PERSONS CAPACITY 9 / 1,800 lb
FRESH WATER 9.5 US gal	LIVEWELL 22 US gal	FISH BOXES 2 x 24 US gal	TRANSOM HEIGHT 25 inches

THE MULTI-MISSION DUAL CONSOLE

The original 240 DC combines a 25-foot deep-V running surface with family seating, a protected dual-console helm, and credible offshore fishing hardware. From 2020 through 2024, the principal dimensions, 123-gallon tank, nine-person capacity and 300-hp maximum rating remain materially consistent.

- Seating for nine with convertible port-side lounge
 - Hideaway aft bench and deep bow lounge
 - Walk-down head with sink and Corian-style counter
- Twin 24-gallon in-floor fish boxes
 - 22-gallon livewell and dedicated tackle storage
 - Bow and stern boarding ladders with swim platform

2020-2024 group: no major hull or capacity redesign found; 300 hp remains the published maximum through the 2024 literature.
Weight labels vary in secondary sources, but Cobia's October 2020 manual specifies 4,200 lb without engine.

FAMILY COMFORT + SEATING

- Plush bow seating with fully recessed bow rail
- Convertible first-mate lounge with 91-quart insulated cooler
- Hideaway aft bench seating and cockpit bolsters
- Roomy walk-down head with sink and countertop
- Macerated electric head equipment available / commonly fitted
- Freshwater sinks at head and bait-prep station
- Covered stern ladder and hideaway bow boarding ladder
- Extended swim / dive platform
- USB outlets and cup holders throughout

FISHING + WATERSPORTS

- Two insulated 24-gallon in-floor fish boxes
- 22-gallon fully plumbed transom livewell
- Stainless-steel gunwale rod holders
- Hardtop rod storage on equipped boats
- Bait-prep area with freshwater sink
- Self-bailing cockpit
- Stainless through-hulls with seacocks below waterline
- Heavy-duty pull-up cleats and anchor locker
- Integrated hardtop ski-tow point on equipped boats

HELM + SYSTEMS

- Yamaha Command Link instrumentation
- Bennett electric trim tabs with indicator
- Hydraulic steering; power assist available
- Independent engine and house battery switches
- Emergency battery-parallel switch
- Walk-through windshield with secure center panel
- Cockpit courtesy lighting
- Nine-and-one-half-gallon freshwater shower system
- Single or twin-outboard configurations appeared in early literature

CONSTRUCTION + SAFETY

- Deep-V fiberglass hull with 21.5-degree transom deadrise
- Composite, no-wood structural construction
- Foam-filled stringer grid and positive flotation design
- Self-bailing cockpit and dedicated overboard drains
- Stainless-steel hardware and pull-up cleats
- Stainless through-hulls with seacocks below waterline
- Integrated bow rail and extended swim platform
- Two-tone gelcoat pattern available across the period
- Factory specifications remain subject to build variation

NOTABLE FACTORY OPTIONS

- JL Audio eight-speaker stereo with amplifier
- Power-assist hydraulic steering
- Deluxe windlass with stainless anchor
- Forward table and sun-lounge insert
- Fish-box macerators
- Raw-water washdown
- Battery charger
- Garmin chartplotter, transducer and VHF packages
- Underwater lighting
- Hull, upholstery and powder-coat color selections

2020-2024 group: no major hull or capacity redesign found; 300 hp remains the published maximum through the 2024 literature.
Electronics, upholstery, hardtop details, engines and factory option bundles varied by year and individual build.
