OPEN 232 MODEL-YEAR SUMMARY

Introduced as the all-new 2024 Open 232, this generation adds ten inches of published length, two degrees of transom deadrise, approximately 850 pounds of published dry weight and a 300-hp rating. It also brings a redesigned bow and cockpit, integrated fiberglass hardtop, 12-inch Garmin display and a substantially richer standard equipment list.

- 23'4" overall length; 8'6" beam
 - 20 degrees transom deadrise
 - 300 hp maximum power
- Ten-person published capacity
 - Family seating plus offshore fishing utility
 - Single-outboard center-console layout

MODEL-YEAR VERDICT: one website listing is appropriate for 2024-2025, separate from every 2020-2023 boat.
The factory describes the 2024 as all new; 2024 and 2025 manuals publish the same principal dimensions and capacities.
Capacities shown use the factory specification tables; individual component descriptions should be build-sheet verified.

FAMILY COMFORT + SEATING

- Redesigned bow seating with removable backrests and bow filler cushion
- Sileather upholstery, bow/cockpit bolsters and rear fold-down seat
- Premium dual-chair leaning post with flip-up bolsters
- Integrated fiberglass hardtop with tempered-glass windshield and vent
- Console cooler plus slide-out YETI storage
- Four-step boarding ladder and stern sandbar/anchor access
- Available bow table/sun pad and forward or aft shade systems

FISHING + DECK UTILITY

- Twenty-five-gallon published aquarium livewell capacity
- Two macerated in-deck fish boxes
- Raw- and freshwater washdowns with high-speed pickup
- King Fish rod holders plus under-gunwale rod storage
- Toe rails, bow bolsters and self-bailing cockpit
- Under-leaning-post tackle storage and trolling-motor battery storage
- Optional outriggers, additional rod holders and tackle systems

HELM + ELECTRICAL SYSTEMS

- Garmin GPSMAP 1243xsv 12-inch multifunction display
- Garmin GT12M 350-watt CHIRP bronze thru-hull transducer
- Garmin VHF 115 radio
- Garmin Fusion Apollo RA670 stereo with SportTuun DSP
- Eight Garmin XS speakers
- Maretron MPower digital switching and keypad
- Seakeeper Ride vessel-attitude control standard

HULL + CONSTRUCTION

- All-new 20-degree running surface with integrated Ride pockets
- SportTech advanced-composite construction
- No-wood fiberglass stringer system and ten-year hull warranty
- Integrated fiberglass hardtop with D-frame supports
- Gemlux stainless hardware, recessed rails and four rod holders
- Dual fuel fills, underwater lights and molded non-skid deck

NOTABLE FACTORY OPTIONS

- Bow table/sun-pad conversion and shade systems
- Outriggers, extra rod holders and fishing-package upgrades
- Windlass and anchoring packages
- Additional Garmin electronics, radar and autopilot
- Power-assist steering and engine-control upgrades
- Hull-color, underside-color and powder-coat choices

ALL-NEW OPEN 232 — REDESIGNED BOW LOUNGE

MODEL-YEAR NOTES

2024: first year of the redesigned 23'4" / 20-degree / 300-hp platform.

2025: principal published specifications and core standard equipment remain materially unchanged.

Engine controls, electronics additions, upholstery colors and accessories vary by individual factory build.
